

CLAIM

DARK ELVES

Set up

Replace one faction in the deck with the Ghosts. You can't replace the Goblin or Knights (Claim), or Gnomes or Giants (Claim2).

Dark Elf's special power

In Phase 2, if you collect at least one Dark Elf into your score pile in a trick, you must discard a non-Dark Elf card in your score pile from the game.

If you have only Dark Elf cards in your score pile, you do not have to discard a card. If you collect more than one Dark Elves in a trick, you still only discard one other faction card.
